Are online degrees respectable? As more and more trusted schools offer online degree programs, respect continues to grow. ... According to a survey, 83 percent of administrators say that an online degree is as reliable as one earned through a traditional campus-based program. Are online courses worth it? The cost is an added benefit, as most online courses are much cheaper than a traditional classroom program. Tuition is generally lower and there are virtually no travel costs involved. However, online education is only worth your time if you earn recognized online degrees from recognized colleges. What's the best way to learn? For every 30 minutes, you learn, take a short break 10-15 minutes to reload. Make your studies less crucial by processing notes from class. Underline or mark keywords. Create visual aids like charts, story sites, brain maps, or outlines to organize and simplify information and help you remember better. What are the disadvantages of online school? 1. Online courses require more time than classes on campus.&lt;br&gt;2. Online courses require good time management skills.&lt;br&gt;3. Online courses require you to be an active learner.&lt;br&gt;4. Online courses give you more freedom, perhaps, than you can handle!&lt;br&gt;5. Online courses require you to be responsible for your learning. Page 2 Are online degrees respectable?
